

Pixie Top 10!

- **Draw** pictures using paint tools (colors, shapes, paint brushes, markers, spray paint)
- Choose **Backgrounds** (in the Library) and add pictures to create a scene
- Access **Templates** (Project > New) – graphic organizers, bookmarks, lined paper, trading card, wanted poster, and more!
- Add **Stickers** (clipart) or **Pics4Learning** (photos) to a page; choose from a variety of categories; resize as needed, then add a text box to describe what's on the page
- Create **Text boxes** to label pictures or type sentences
- Add **Effects** to stickers to edit the image (brightness, 3D, page curl, ripple, water color, etc.)
- Choose a ready-made **Activity** (Project > New > Activities: All About Me, LA, Letters and Numbers, Math, Science, and Social Studies, and more!)
- **Record** student voices to narrate pages that have been created
- **Print** pictures as a full page, table tent, greeting card, booklet, comic book, postcards, thumbnails, trading cards, and a variety of Avery products
- **Export** options include video, PDF, HTML, ePub, and images
